

Grading Practices

School: Kempsville High School

Subject(s): Chemistry

Grade Level: 10-11

Homework

- Assignments will be posted on the board and in Google Classroom or Schoology and should be written in your planner. Do not email me to find out assignments.
- ***Class work not finished during class should be finished for homework unless told otherwise.***
- All work **MUST** be shown when solving problems. Answers alone will not earn credit.
- Expect to spend at least 45 minutes each night **studying** Chemistry. Always review your notes and read the textbook even if not specifically assigned.
- **Copying another student's work will be considered a violation of the Honor Code.**

Late Work

- When absent, you should use Schoology to keep up with class assignments. This may include the notes, video notes, worksheets, homework, or upcoming quizzes, labs, or tests.
- Missing a class is **not** an excuse for not being prepared for the next class.
- **Do not wait until the next chemistry class to turn in or get missed assignments!**
- You must email me or see me *immediately upon your return to school* about making up a test, lab, or quiz.

Explanation of Zeroes

Zeroes will be given if assignments are not attempted.

Reassessment

Re-quizzes or re-tests will be available only to students who complete assignments and pay attention in class.

Make-up Work

- Attendance is necessary for learning chemistry, so make appointments for times other than class time.
- When absent, you should use Schoology to keep up with class assignments. This may include the notes, video notes, worksheets, homework, or upcoming quizzes, labs, or tests.
- Missing a class is **not** an excuse for not being prepared for the next class.
- **Do not wait until the next chemistry class to turn in or get missed assignments!**

- You must email me or see me *immediately upon your return to school* about making up a test, lab, or quiz.

Extra Credit

Extra credit assignments are not allowed in this course. Any study time should be used to master the course objectives.

For additional information, please access the [VBCPS Grading Guidelines for Secondary Schools](#) on vbschools.com.
