

Grading Practices

School: Kempsville High School

Subject(s): Geometry

Grade Level: 9-12

Homework

Homework will be assigned as needed and will count as 5% of the total grade.

Late Work

Assignments not turned in on time will be given an interim grade of 0. Once completed, the zero will be replaced with the grade earned on the assignment.

Explanation of Zeroes

Zeroes will be entered for any missed assignment until that assignment is made up. The make-up grade will then replace the zero. Students will be given every opportunity to complete work and eliminate the zero during a grading period.

Reassessment

Students who do not achieve proficiency of 70% on unit tests will be given an opportunity to retake the test after remediation by the teacher.

Make-up Work

Make up work needed as the result of an excused absence should be made up within 1 week without penalty. If an absence exceeds two class periods, additional time may be allotted to complete assignments on a case-by-case basis.

Extra Credit

Extra credit will be given sparingly and at the discretion of the teacher.
