

Grading Practices

School: Kempsville High Schools

Subject(s): Computer Programming

Grade Level: 10-12

Homework

***Homework** will not be assigned for this course.

Late Work

Late assignments will be accepted **within the current quarter, but no later than two weeks (including weekends) before grades are posted**. Points will not be deducted for late work, however, assignments not turned in on time will be marked "Missing/Required" and will get an **interim** grade of 0. Due dates will be posted on Google Classroom. It is important to pay attention to these deadlines.

****Unless a student has special circumstances, no late assignments will be accepted after the quarter has ended.****

Explanation of Zeroes

Zeros are interim and will be replaced upon submission of work.

Reassessment

***Test Retakes:** Students are encouraged to retake portions of a unit test based on skills missed. In order to avail, students must have no missing assignments or unverified absences. In addition, students must provide written proof of efforts to re-learn those skills. A set of reasonable guidelines for retaking assessments will be provided. Schedules for retake will be upon the discretion of the teacher. Scores will be banked until desired grade is reached.

Make-up Work

It is the student's responsibility to make up all missed classwork, homework (if ever), tests and quizzes after an absence. The student with excused absences must make arrangements with the teacher to complete makeup work **within 1 week** of the absence. Make-up tests and quizzes may be scheduled after school or with prior arrangement during the school day. Please refer to the VBCPS guidelines regarding make up work by visiting [VBSchools Policy](#)

*All handouts will be posted on Google Classroom.

Extra Credit

Extra credit will be given sparingly and at the discretion of the teacher. Joining the Hour of Code activities will earn you extra credit.

For additional information, please access the [VBCPS Grading Guidelines for Secondary Schools](#) on vbschools.com.
