

## Grading Practices

School: Kempsville High School

Subject(s): Oceanography

Grade Level: 10-12

### Homework

Daily homework for all classes includes finishing any unfinished classwork, and studying notes to reinforce learning and prepare for quizzes and tests. Additional daily written homework is not usually assigned.

### Late Work

Unexcused late assignments will be deducted 10 points per day late.

### Explanation of Zeroes

Work not completed and submitted in a timely fashion cannot be graded, and therefore must receive a grade of "0."

### Reassessment

Students who wish to retake a test may do so if the following conditions have been met. The student must have fully participated in class and completed all relevant assignments prior to taking the test. This includes the test review/study guide. All Reassessments must be within 2 weeks of the original assessment.

### Make-up Work

When absent, it is the students responsibility to see the teacher for any missed work upon their return to class. This can best be done before or after class. Classwork and labs must be made up within one week of the student's return to school. Quizzes and Tests must be made up within 2 class days.

### Extra Credit

Extra credit is not generally used. Students who complete all of their work in a timely fashion are not in need of extra credit.
