

Grading Practices

School: Kempsville High School

Subject(s): Physics

Grade Level: 10-12

Homework

Homework is not regularly graded. On those units where a summative test is offered the students may show the completed homework assignment for an opportunity to retake the test.

Late Work

Late penalty is 20% immediately after submission deadline. All assignments are due at the beginning of class unless otherwise stated. Late material may be submitted with a 40% penalty up to 7 days before the close of the marking period.

Explanation of Zeroes

Late material may be submitted with a 40% penalty up to 7 days before the close of the marking period. After that a zero will be assigned for the assignment.

Reassessment

Reassessments on Tests will be offered if the student has completed all homework. The test and retest will be averaged together for single grade.

Make-up Work

- When absent, you should use Google Classroom to keep up with class assignments. This may include the notes, video notes, worksheets, homework, or upcoming quizzes, labs, or tests.
- Missing a class is not an excuse for not being prepared for the next class.
- **Make Up Assignments** will be due one class after returning from absence.
- **Make Up Labs** will be due one week after returning from absence.
- You must email me or see me *immediately upon your return to school* about making up a test, lab, or quiz.

Extra Credit

Extra credit opportunities may be given throughout the year depending on need and situation.
